

SPOT LED 18W

PROJECTORS

SPOT LED DEXEL 18W / Projecting White or Color Light of your choice or RGB.

Stage light design for shops, commercial centers, bars and a variety of events.

18W LED Spot Led ideal for use in shops shopping malls, museums, bars and restaurants and others. Available with LEDs for white lighting in 3200K° or 4000K°, or RGB lighting (Red, Green and Blue) or colors of your choice. It brings DMX control for color mixing from controller on RGB models. Aluminium housing with stage lighting design.

Manufactured by Dexel SRL in Argentina, built with reliable electronic elements for long life and without maintenance, with high luminous efficiency and quality of light. The models with white light have high CRI that ensures excellent color reproduction without green or reddish tones that modify the real colors.
